city-C

Maillot crafted with our prestigious City-C high performance multi-filament fabric. It is a garment that allows great freedom of movement due to its maximum elasticity and adaptability. With a smooth and pleasant feel, City-C expels body dampness ensuring great comfort while the outer layer maintains its lively, bright colours.

Maillot elaborado con nuestro prestigioso tejido multifilamento de alto rendimiento City-C. Prenda que permite una gran libertad de movimiento por su máxima elasticidad y adaptabilidad. De tacto suave y agradable el City-C expulsa la humedad corpórea asegurando un gran confort mientras que la capa exterior mantiene unos colores vivos y brillantes.

Top ten

- Top of the range of our cycling shorts
- The "TOP TEN" short is made using a carefully designed pattern to ensure maximum comfort and performance.
 - Made with Lycra and meshing in the same fabric, the entire back is made with mesh weave for optimum breathability.
 - The TOP TEN is the ideal garment for those seeking professional performance.

Tope de gama de nuestros culotes para ciclismo

- El culote "TOP TEN" está fabricado siguiendo un estudiado patrón que garantiza la máxima comodidad y rendimiento de la prenda.
- Realizado en Lycra y rejilla del mismo material, toda la espalda se confecciona con rejilla para lograr una transpiración óptima.
- El TOP TEN se convierte pues en una prenda óptima para quien busca un rendimiento profesional.

All seams are flat to prevent chafing and afford the garment greater elasticity.

Incorpora costuras planas que evitan rozamientos, a la vez que una mayor elasticidad y ajuste de la prenda.

Nylon raincoat

IMPERMEABLE

Front and back: Nylon water-repellent treatment, ensuring that water runs off the garment. Extremely lightweight and soft to the touch, it can be folded into the jersey pocket.

Sides in grey meshing. It allows the air to enter and cool the inside of the garment. It also allows for breathability.

Cuffs and waist: Elasticated for better fit and greater aerodynamics. The rear tail allows for greater protection against splashing.
